

## 6<sup>th</sup> meeting in the NORBARAG - fungicide subgroup

RIGA, Latvia 18th February 2014, 9.00-17.30

### Agenda

1. **9:00 Welcome and introduction.** Bent J. Nielsen, Denmark
2. **Acceptance of the agenda.** Bent J. Nielsen, Denmark
3. **9:05 Reports**
  - Minutes from 5th NORBARAG fungicide subgroup meeting in Tallin 2013. Bent J. Nielsen, Denmark
  - Report from the 8th EPPO Meeting, NL September 2013. Gunilla Berg, Sweden
  - Reports from other meetings. Open
4. **9:25 NORBARAG activity on potato late blight and early blight**
  - Early Blight on potatoes - Biology and control of causal *Alternaria* species, Gerd Stammler, BASF
  - *Alternaria* monitoring data, Morten Lind, Syngenta
  - Monitoring results with *Alternaria solani* from Sweden, Eva Edin, Sweden
  - Sensitivity test with propamocarb and metalaxyl in *P. infestans*, 2012-2013, Ragnhild Nærstad, Norway
  - Monitoring Danish population of potato late blight (*P. infestans*) 2011-2013, Bent J. Nielsen, Denmark
  - MAI – dimethomorph monitoring Europe 2013, Olaf van Campen, Mabeno
  - Trial results with potato late blight, Olga Treikale, Latvia
  - Sensitivity test with Maxim, Monceren and Rizolex in *Rhizoctonia solani*, Ragnhild Nærstad, Norway
  - Discussions and co-ordination of sampling & test 2014
5. **11:40 NORBARAG activity on cereals diseases**
  - Sensitivity monitoring of cereal pathogens with focus on barley pathogens, Gerd Stammler, BASF
  - Sensitivity monitoring update of cereal pathogens with focus on wheat diseases, Andreas Mehl, Bayer
  - Monitoring data, Morten Lind, Syngenta
  - Monitoring data in cereals, Hanne Søndénbroe, Dupont
  - MAI – azole monitoring Europe 2013. Olaf van Campen, Mabeno
  - Azole sensitivity to *Septoria tritici* and NORBARAG activities, Lise Nistrup Jørgensen, Denmark
  - Using molecular methods for determination of azole resistance in *S. tritici*, Thies Wiczorek, Denmark
  - Test of azoxystrobin sensitivity in *Stagonospora nodorum*, Andrea Ficke, Norway
  - Cereal diseases survey: comparison of effectiveness of different chemical groups, Olga Treikale, Latvia
  - Fungicide efficacy for control of cereal leaf diseases in Finland, Anne Rahkonen, Finland
  - Field performance, Sweden 2013. Gunilla Berg, Sweden
  - Efficacy of fungicides in cereals in LT during 2013, Roma Semaskiene, Lithuania
  - Discussions and co-ordination of sampling & test 2014

**6. 16:45 NORBARAG activity on other crops**

- Survey in strawberry DK 2012 with sensitivity to boscalid in *Botrytis*, Klaus Paaske, Denmark
- Sensitivity of *Botrytis cinerea* isolates from strawberry fields and forest nurseries in Norway to fenhexamid fungicides, Gunn Mari Strømeng, Norway
- Apple scab. Field observations and experiences, Regina Rancane, Latvia
- Discussions and co-ordination of sampling & test 2014

**7. 17:30 Close of workshop**

**Coffee breaks 10:30 and 15:30. Lunch 12:30-13:30**

**Dinner 19:00**

Minutes from last meetings, presentations, recommendations, updates etc. can be found on the fungicide sub-group homepage
